A Legacy of LEADERSHIP

At County Materials, we have 80 years of experience creating concrete products that are engineered to last and designed to inspire. We've listened closely to our loyal customers to understand your needs and develop quality products that provide creative solutions.

1940s
**Sonnentag
Concrete
& Gravel**

Founded in 1946 as
a concrete block and
aggregate producer

**1950s
& 60s**

Incorporated and renamed
in 1967 to County Concrete
Corporation

1970s
Supplied ready-mix,
excavation services, and
precast concrete products

1980s
Started manufacturing
concrete pipe

1990s

Began manufacturing
prestressed bridge
girders and serving large
commercial markets

2000s

Added hollowcore and precast
construction products and renamed
County Materials Corporation in 2003

2010s
Expanded into high-performance
bridge beams, concrete landscape
and masonry products, and
insulated wall panels

2020s

Grew to include County Prestress & Precast, LLC and County Ready Mix Corporation,
began production of precast elevator and stair shafts, security walls, and precast specialty
products, and launched a factory-sealed paver line

Our versatile and innovative products set the standard for durability, design flexibility, and ease of installation. Because of our commitment to innovation, you can be sure that you will always receive the highest quality products and services tailored specifically to your requirements.

Our concrete landscape products for residential and commercial applications are made right here in the U.S.A. by our talented and experienced team.

"From versatile and easy-to-install wall systems to vibrant and enduring pavers, we know concrete. The innovation and ambition that has fueled our growth over eight decades continues to set us apart as a leader in concrete landscape products."

— Tim Sonnentag
OWNER, COUNTY MATERIALS CORPORATION

2026

The County Materials Family of
Companies celebrates 80 years in
business and is committed to setting the
pace for the construction and landscape
industries with bold solutions that help
build the communities where Americans
live, work, and play.

**Proud to be American based
and American made since 1946**

DISTINCT COLORS & TEXTURES

INTENTIONAL
& INSPIRING

Intentionality
Details matter – that’s why we designed a comprehensive collection of landscape products in distinct colors and textures to help build custom, comfortable, time-tested outdoor spaces.

Our intention is to offer desirable pavers, patio stones, retaining walls, step units, and related accessories that invoke our customers to gather with their friends and family and make memories in inspiring outdoor living spaces.

Inspiring Results
We are passionate about making products that bring people together. Our team understands how these spaces are really used, from the welcoming familiarity of your patio as you celebrate special occasions with friends to the cozy, magnetic warmth of your outdoor fireplace that draws in your family on cool late summer evening. Outdoor living spaces are particularly sentimental areas of the home. They are destinations for small moments that build lasting memories. Ultimately, that’s what motivates our team. That’s why we show up every day to ensure that each product is made with care and precision, so our customers gather, play, entertain, and relax in irresistible spaces.

Paver Colors

SOLID

Vision
Clean, effortless white shade. Bright, light, and inspiring.

Beckon
A fawn brown with alluring golden highlights that emulate a fire’s warmth on a chilly night.

Dream
A fantasy blending of gray and beige, this greige color creates a base for beautiful landscape design.

Reflection
Moody, charcoal color eliciting the calm and introspection of peering into a deep, dark lake at night.

BLENDED

Intention
Gorgeous light dove gray evoking a lofty feeling of ambition.

Allure
A captivating cloud gray for a serene space.

Majestic
Incredible slate gray, conjuring the majestic feeling when gazing toward a towering mountain peak.

Exalt
A time-honored cool shade of blue-gray used throughout history in classic designs.

Enlighten
A warm, illuminating blend of earth brown and taupe that is inspired by the natural world.

Timeless
A classic option inspired by smoky gray clouds and worn cobblestones.

Serenity
This calming rose-gray mirrors the brushstroke of colors that wash the sky during a summer sunset.

Pride
A timeless leather brown for a distinguished and dignified space.

Textures

VANTAGE

TRANQUILITY

DISCOVER

FUSION

DESTINATION

ESSENCE

We concentrate the purest color pigments, finest aggregates, and densest concrete mix in the surface layer of each paving stone, where it is visible and matters most.

The refined surface of our pavers features a permanent, integrally blended layer of high-strength concrete mix. It’s the perfect combination of vibrant color pigments and solid surface materials for rich, long-lasting colors. Inspired by elements found in nature, our color palette and texture options exemplify bold and subtle expressions of mood and feeling. **Our pavers create an ambiance that encourages lingering outdoors, creating memories, and sharing time with loved ones.**

The color photos shown in this catalog were prepared with careful attention to accuracy. However, colors shown may vary from actual hues and should only be used as a guide. Refer to actual product samples for final color selection. Because concrete units are manufactured with high quality, naturally-mined aggregates and materials, variations in color or shading should be expected in products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry.

INSPIRATION

MONOCHROMATIC

Give your space a modern feel. Go for the wow factor with edgy, complex, and unexpected paver patterns. Embrace the dynamic contrast of deep charcoal and soft beige hues or take a minimalist approach with a monochrome palette.

CONTEMPORARY

Craft a contemporary aesthetic with clean lines and refined textures. Add visual interest with varied paver patterns, elegant curves, and sharp angles. Make an impact with complex borders, trendy colors, and finishing touches like built-in lighting and wall accents.

INSPIRATION

TRADITIONAL

Highlight the surroundings of your space with understated elegance. Use traditional laying patterns, simple borders, and right angles. Lean into the warmer side of the palette with subtly contrasting colors, and use rounded edges to soften the overall look and feel of your design.

RUSTIC

For that lived-in feel from day one, use warm earthy tones and rough textures. Foster intimacy and comfort with smaller pavers in traditional laying patterns. Add high-contrast borders and wall caps to define rustic edges.

This multi-level terrace highlights the natural beauty of this home's surroundings. Dramatic column-top fire features frame a vast central gathering space, offering a striking focal point and room for large groups or lively backyard games. Expansive patios, layered seating areas, and graceful pathways create smooth transitions between decks and terraces, while garden walls and terraced features create intimate spots for peaceful moments. From lively entertaining to relaxing evenings beside the river, this gathering place celebrates the art of outdoor living in every season.

A Sleek Setting Designed for Connection and Relaxation

This contemporary outdoor space blends modern design and everyday comfort. Using Grand DISCOVER PAVERS across many distinct patio areas integrates the design. A built-in fire feature anchors one side of the layout, while integrated seating and garden walls define intimate zones for dining, gathering, lounging, and relaxing in the spa. A high-contrast white and charcoal palette is unified by an accent band on columns, walls, borders, and the outdoor bar. With every detail thoughtfully arranged, this retreat provides an inviting destination for entertaining and unwinding at home.

CONTEMPORARY ENTRANCE

Bold Lines and Lasting Beauty

This inviting front entryway combines timeless style with functionality. Grand XL DISCOVER PAVERS create a durable foundation with smooth lines and subtle color variation. Tiered steps and integrated seat walls smoothly transition the elevation from the driveway to the front porch. Wide landings with border detailing that guide movement and visual interest. Low-profile plantings in a natural rock garden area soften the aesthetic, blending hardscape with greenery for a balanced look. Together, these elements form a refined entrance that enhances curb appeal and offers a lasting first impression.

A Serene Escape for Connection and Conversation

This expansive patio invites gatherings among nature's textures and calming greenery. A Tumbled SUMMIT STONE Circle Fire Pit Kit anchors the space, offering warmth and a welcoming focal point for evenings spent under the stars. Refined paver surfaces integrate seating areas, steps, and entertaining zones, creating contrast between levels and framing intimate spots for conversation or quiet reflection. Blending timeless materials with thoughtful design, this project transformed this backyard into a cozy, year-round destination for friends and family.

BACKYARD LEISURE

An Outdoor Escape Designed for Connection and Calm

This outdoor space blends style and function with clean lines and simplicity. The open layout provides visual connections for guests in the seating, dining, and entertainment areas. Grand XL DISCOVER PAVERS define the expansive pool deck and lounge area, offering a barefootfriendly, yet sleek surface that complements the home's modern aesthetic. Pavers with Sentinel Sealed Technology deliver an easy-to-clean surface and slip resistance, ideal for foot traffic around the pool. Framed walkways and curved transitions create subtle contrast and unify the design, while a square fire pit extends the living space into the backyard. From sunlit afternoons to fireside gatherings, this space invites both relaxation and activity.

INTRODUCING SENTINEL SEALED TECHNOLOGY

The Next Generation of Concrete Pavers

Setting the standard in durability and surface defense, Sentinel Sealed Technology™ combines modern engineering with time-tested European innovation. Achieve **maximum stain resistance, surface protection, and long-lasting color.** Unlike field-applied sealers or single-layer primers, County Materials has crafted a hybrid paver manufacturing system that bonds two protective layers—a factory-applied penetrating primer and sealer—to the pavers' surface. The result is an ultra-smooth finish and refined texture—an ideal solution for pool decks, patios, and other barefoot-friendly spaces. Sentinel integrates concrete's inherent durability with an engineered protective seal designed to withstand life's greatest moments and inevitable messes.

sealed paver COMPARISON guide

GOOD:

Field-Applied Surface Sealer

- Basic stain resistance
- Enhanced color
- Finish options: Matte or Gloss
- UV protection

BETTER:

Factory-Applied Penetrating Primer

- Improved stain resistance
- Enhanced color
- UV protection
- Reduced risk of efflorescence
- Protects against deicing salts

BEST:

Factory-Applied Penetrating Primer + Surface Sealer

- Hybrid System: Bonds two protective layers to the surface
- Maximum stain resistance — Resists mud, dirt, grease & oil, red wine, and more
- Surface protection
- Deeper, richer, long-lasting color
- Ultra-smooth finish — Ideal for pool decks, patios, and other barefoot-friendly spaces
- UV protection
- Slip resistance
- Fade resistance
- Reduced efflorescence and poly-haze
- Protects against deicing salts
- Sustainable strength

LEARN MORE
about our Technologies

County Materials' pavers and slabs are backed by our customer warranty.

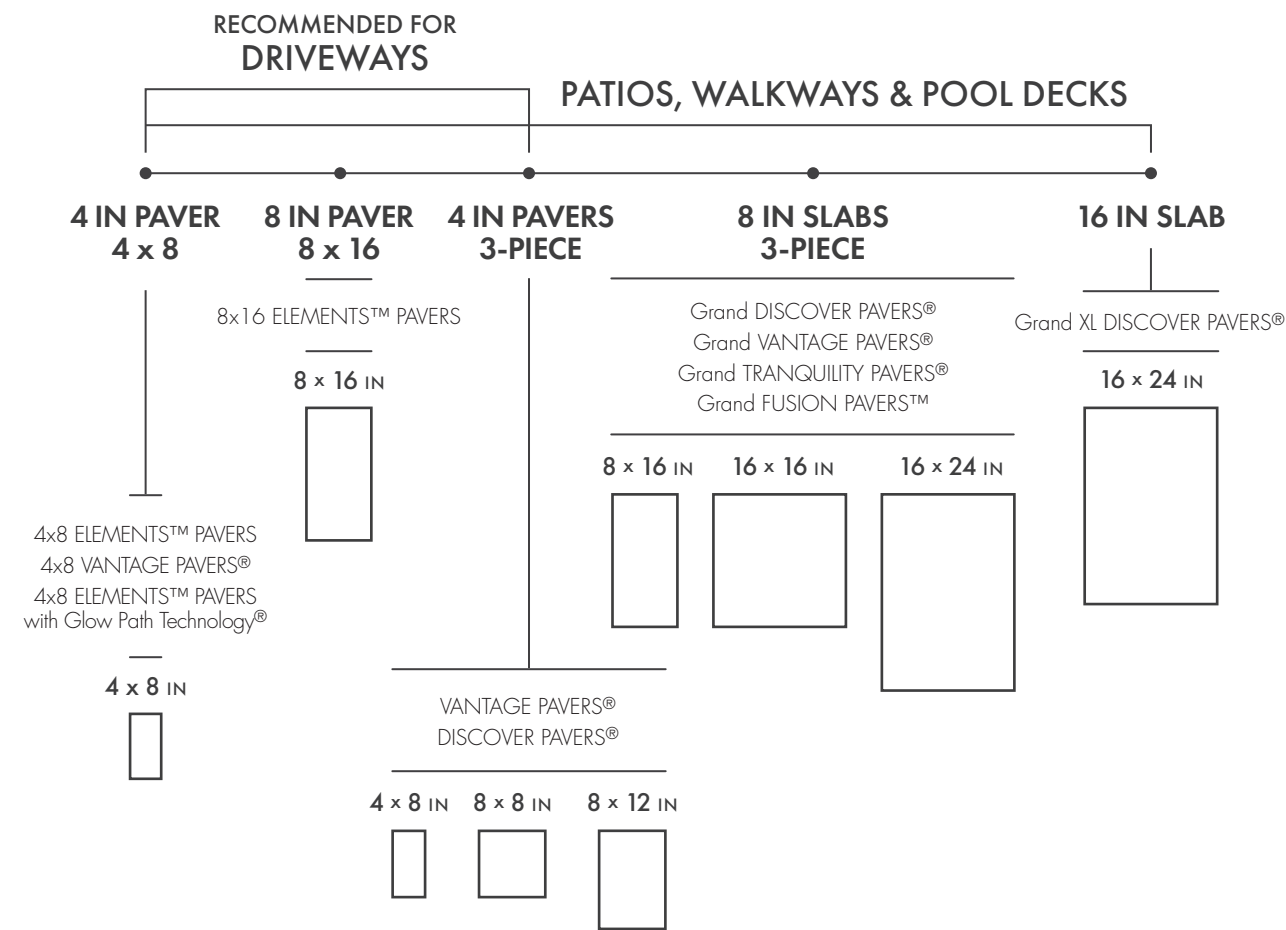

Offering Limitless Design Potential

County Materials designed a series of dimensionally compatible pavers to help hardscape professionals and homeowners achieve their desired look and feel when using several colors, sizes, and textures in a single design. Our dimensionally compatible family of pavers are manufactured in four-inch increments for effortless integration—maximizing installation efficiencies and enhancing overall aesthetics. Explore how our dimensionally compatible pavers can be combined to create a range of styles—from modern monochromatic to rustic charm. See pages 8-11.

DIMENSIONALLY COMPATIBLE PAVERS

County Materials' pavers and slabs are backed by our customer warranty.

GENESIS FACE-MIX TECHNOLOGY

County Materials invests in Genesis Face-Mix Technology® to manufacture beautifully designed pavers and slabs that are backed by the strength and longevity of quality concrete. Our manufacturing process integrally bonds face-mix to the base of each unit, resulting in products that are a step up from contractor-grade quality, offering **exceptional durability, lasting color performance, and captivating surface textures**. Our high-density pavers and slabs are manufactured to meet industry standards for strength and absorption. They stand up to the effects of time, weathering from Mother Nature, and frequent use in everyday life.

Fine aggregates and dense concrete mix provide a smooth, refined surface.

Pure color pigments and fine aggregates are blended on the surface, providing vibrant, rich, and long-lasting color.

Proprietary face-mix integrally bonded to the base, offering exceptional durability and aesthetic design.

Base concrete mix features larger aggregates for high-compressive strength.

Grand FUSION PAVERS

8 INCH | 3-PIECE SLABS

Grand FUSION PAVERS™ bring a heightened level of interest and refinement to concrete pavers by combining three distinct textures into one module. Inspired by textures found in the home, Grand FUSION PAVERS fuse the aesthetic of a structured surface, with alternating fields that replicate pebbled leather and striated textiles, and the enhanced performance of exterior concrete. Grand FUSION PAVERS are larger in size and feature contemporary textures.

REJUVENATE PAVERS in Majestic

H₂O PRO PAVERS in Timeless

Permeable Interlocking Concrete Pavers

Permeable pavers are increasingly gaining the attention of media, builders, and property owners alike because of growing efforts to effectively manage storm water in municipalities and watershed districts across the country.

CONCRETE
**MASONRY &
HARDSCAPES**
ASSOCIATION

Refer to the Interlocking Concrete Pavement Institute's Guide Specification for additional information on Permeable Interlocking Concrete Pavers.

Permeable concrete pavers are designed to direct storm water through paver joints, into the ground. These paver systems can help improve water quality by capturing contaminants and suspended solids typically found in storm water and filtering them through layers of aggregates. Permeable pavers help maximize land use, as they can replace traditional retention and detention ponds.

TRIBUTE WALL SYSTEMS

TRIBUTE® WALL SYSTEMS combine lasting strength with coordinated design versatility. Smooth and Splitface systems can be used independently or blended, creating fluid transitions between retaining and freestanding walls. Shared pin grooves, matching caps, and corner units allow Smooth and Splitface systems to be combined seamlessly, simplifying installation and ensuring stability. At the same time, complementary textures and finishes make it easy to design seating and garden walls, columns, fire features, outdoor kitchen and bar areas, and a wide range of landscape features.

MagnumStone

MagnumStone® RETAINING WALL SYSTEM utilizes extenders to replace geogrid reinforcements by using a tongue-and-groove concrete system to meet or exceed the demands of engineers. This system reduces the massive footprint of traditional cantilevered gravity retaining walls and gives developers and owners greater use of land above the wall.

Available in Gray as a standard color. Custom staining may be done onsite by an installer.

Warranty Information for Concrete Hardscape Products

County Materials works continuously to provide value to our customers and enhance our manufacturing capabilities, all while surpassing our high standards of excellence. We manufacture our hardscape products to meet the industry's standards. That is why we back our hardscape products with an exclusive limited Warranty.

PAVER Warranty

LIMITED WARRANTY AND REMEDY-EXCLUSIVE LIMITED WARRANTY. Seller warrants that Products sold under this Agreement meet solely the description and specifications for the same set forth in the Order, if any, and conform subject to reasonable variance in accordance with normal industry practice, with the applicable ASTM Standard/ Specifications. FOR RESIDENTIAL BUYERS, COUNTY MATERIALS WARRANTIES ITS CONCRETE PAVERS THAT THE PRODUCTS MEET THE DESCRIPTION SET FORTH IN THE AGREEMENT FOR THE PERIOD OF BUYER'S HOME OWNERSHIP. FOR COMMERCIAL PROJECTS, COUNTY MATERIALS WARRANTIES ITS CONCRETE PAVERS MEET THE DESCRIPTION SET FORTH IN THE AGREEMENT FOR 5 YEARS AFTER SUBSTANTIAL COMPLETION OF THE PROJECT. This warranty is not assignable or transferable. This limited warranty applies only if the products are installed as directed by the CMHA <https://www.masonryandhardscapes.org> and County Materials' applicable installation guidelines. Improper storage, abrasion, overloading, or misuse, such as delamination, splitting, chipping, or staining, voids this limited warranty. The original proof of purchase is necessary. Color matching cannot be guaranteed. THE FOREGOING WARRANTY IS IN LIEU OF AND EXCLUDES ALL OTHER WRITTEN OR ORAL WARRANTIES OR CONTRACTUAL AGREEMENTS, whether express or implied by law, including the Uniform Commercial Code as enacted in the State of Wisconsin or elsewhere, or otherwise, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY. Buyer makes no representations or warranties regarding or relating to Buyer's or third parties' selection of this Product, or any storage, handling, maintenance, and/or application/installation of the Product.

PRODUCT Warranty - Terms and Conditions

LIMITED WARRANTY AND REMEDY-EXCLUSIVE LIMITED WARRANTY. Seller warrants that Products sold under this Agreement meet solely the description and specifications for the same set forth in the Order, if any, and conform, or exceed, subject to reasonable variance in accordance with normal industry practice, with the applicable ASTM Standard/ Specifications for a period of thirty (30) days from delivery thereof. Acceptance by Buyer of the Products shall constitute confirmation that the Products meet the description set forth in this Agreement. THE FOREGOING WARRANTY IS IN LIEU OF AND EXCLUDES ALL OTHER WRITTEN OR ORAL WARRANTIES OR CONTRACTUAL AGREEMENTS, whether express or implied by law, including the Uniform Commercial Code as enacted in the State of Wisconsin or elsewhere, or otherwise, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY. Buyer makes no representations or warranties regarding or relating to Buyer's or third parties' selection of this Product, or any storage, handling, maintenance, and/or application/installation of the Product.

LIMITED WARRANTY AND REMEDY- BUYER'S EXCLUSIVE REMEDY FOR BREACH OF THE WARRANTY SET FORTH ABOVE OR OTHERWISE. Buyer's exclusive remedy shall be to require Seller, at Seller's option, to refund the Purchase Price for the Products sold hereunder or to repair or replace any nonconforming Products. Costs of return or redelivery of defective Products, labor, removal and reinstallation charges are not included in the remedy and shall be borne by Buyer. NO OTHER REMEDY for breach of this warranty, express or implied including claims for any breach of the implied warranty of fitness for a particular purpose or the implied warranty of merchantability SHALL BE AVAILABLE TO BUYER. ANY CLAIM FOR INCIDENTAL AND/OR CONSEQUENTIAL DAMAGES for lost profits, income, interest, lost sales, injury to property, attorney fees, consultant's fees or any other incidental or consequential loss IS THEREFORE BARRED PURSUANT TO THE TERMS OF THIS EXCLUSIVE REMEDY; the above limitations do not include damages related to personal injury. Seller will not be liable for defects in this Product caused by improper installation, application, modification or alteration of this Product.

LIMITATION OF LIABILITY. SELLER'S LIABILITY ON ANY CLAIM for loss or damage arising out of the supplying of any Products to Buyer, or their sale, operation or use, whether based on contract, warranty, tort (including negligence) or other grounds, SHALL NOT EXCEED THE PRICE OF THE PRODUCTS ACTUALLY RECEIVED BY BUYER from Seller with regard to which such claim for loss or damage is made. IN NO EVENT SHALL SELLER BE LIABLE, whether as a result of breach of contract, warranty, tort (including negligence) or other grounds, FOR SPECIAL, CONSEQUENTIAL, INCIDENTAL, LIQUIDATED OR PENAL DAMAGES including, but not limited to, loss of profits or revenue, loss of use of the Products or any associated Product, cost of capital, cost of substitute Products, facilities, services, downtime costs, or claims of customers of the Buyer for such damages; the above limitations do not include damages related to personal injury.

County Materials Corporation TECHNICAL DATA *Pavers, Slabs, Segmented Retaining Walls (SRWs) and Free-Standing Retaining Walls (FSWs)*

COLOR SELECTION

Colors shown may vary from actual hues and should only be used as a guide. Refer to actual Product samples for final color selection. Because concrete products are manufactured with high quality, naturally mined aggregates and materials, variations in color or shading should be expected in Products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry. County Materials Corporation recommends immediately verifying the Product and color upon receipt, and prior to opening pallets. For any discrepancies, contact your local County Materials Corporation representative before installation. Use of Product constitutes acceptance.

PROPER COLOR DISTRIBUTION AND INSTALLATION

Color of concrete products may vary significantly between production lots. Install concrete units from several pallets to ensure distribution of color. The contractor must install concrete units in accordance with the masonry industry's best practices, according to CHMA standard specifications, and the manufacturer's instructions. County Materials Corporation is not liable or responsible for loss or damage resulting from improper storage, handling, maintenance, or installation. Follow all applicable warnings, advisories, and instructions.

EFFLORESCENCE

Efflorescence is a naturally occurring process in all concrete products which may appear in the form of a white powdery film on the unit's surface. Efflorescence may be more perceivable in darker colors. It does not, in any way, compromise the functionality or the structural integrity of the Product or your installation. Although efflorescence cannot be prevented, it will wash off over time or it can be cleaned with an industry cleaner. County Materials Corporation accepts no responsibility or liability for the occurrence of efflorescence.

JOINT MATERIAL

There are many different jointing materials specific to application requirements and desired results. Options range from natural sand as specified in ASTM C144 to polymeric sand options. If a polymeric sand is selected, County Materials Corporation recommends choosing a product which is void of Portland, Fly Ash and Crushed Limestone (which are ingredients that cause hazing). Joint material should be completely removed from the surface of the pavers.

Use of joint material must comply with all instructions provided by the joint material manufacturer, and the joint material method must be performed on a separate mock-up

sample not less than 7 feet by 7 feet prior to Buyer approval of the use of the joint materials selected with the concrete product selected. County Materials Corporation accepts no responsibility or liability for Buyer's use of joint material with our concrete pavers and slabs.

CLEANING AGENTS

Always keep units clean during construction. Harsh cleaning methods after units have been installed might mar the surface of units. Concrete cleaning agents are not required but are an option for all County Materials Corporation segmental retaining wall units and concrete landscape products. There are many different cleaning agents specific to application requirements and desired results. Cleaning agent manufacturers recommended are PROSOCO, and EaCo Chem Inc. Use of the cleaning agent must comply with all instructions provided by the cleaning agent manufacturer, and the cleaning agent method must be performed on a separate mock-up sample wall panel not less than 4 feet by 4 feet prior to Buyer approval. County Materials Corporation accepts no responsibility or liability for the use of cleaning agents on our segmental retaining wall units and concrete landscape products.

WASHING GUIDELINES

Seasonal maintenance is recommended for all County Materials Corporation pavers and slabs. General washing guidelines are provided for the following: organic stains, including fruit, soil and leaf residue, algae and moss stains, and efflorescence. Wash with a hose and stiff broom. Water pressure should be comparable to the average pressure from a home watering hose.

CONSTRUCTION RESIDUE

A possible by-product of cutting concrete units during installation with a saw is residue-filled water or concrete dust. Residue-filled water or re-hydrated dust can cling to the surface of units and leave a concrete stain. It is recommended to wash and remove the water or concrete dust from the surface of concrete masonry units before it dries. Construction residue can also happen through soil disturbance or environmental elements. These contaminants should be removed immediately; they do not compromise the functionality or the structural integrity of the Product or your installation. County Materials Corporation accepts no responsibility or liability for the occurrence of construction residue or concrete stains.

SLIP RESISTANCE AND ICE REMOVAL

Sand is the only material recommended to improve slip resistance on concrete product surfaces. Avoid the use of deicers and fertilizers which contain the following chemicals or compounds: Sodium chloride (NaCl "Rock Salt"), Calcium chloride (CaCl2), Magnesium chloride (MgCl2), Ammonium nitrate (NH4NO3), Ammonium sulfate (NH4SO4) or Urea. Use of these chemicals may be harmful to concrete products, especially when used in excess. County Materials Corporation accepts no responsibility or liability for the use of deicers on our pavers and slabs.

Warranty Information for Concrete Hardscape Products
TECHNICAL DATA continued...

COMPACTOR AND SNOW REMOVAL EQUIPMENT

Textured paver and patio stone surfaces require a buffer between the plate compactor and the paver surface to prevent scuffing. Refer to County Materials Corporation’s Interlocking Concrete Paver or Slab Installation Guidelines. Also, snow removal equipment should have the proper spacing, bumper, and rubber blade guards to protect the surface of the pavers. County Materials Corporation accepts no responsibility or liability for damage caused by the use of compaction or snow removal equipment that may leave scuffs, burns or other markings on pavers and slabs.

REFERENCE ONLY – LANDSCAPE PRODUCTS SPECIFICATION GUIDE

This Guide, provided at no cost by County Materials Corporation, is intended to serve only as an informational resource for buyer(s) of Interlocking Concrete Pavers & Slabs manufactured by County Materials Corporation. Every effort has been made to ensure the accuracy of the information presented in this Installation Guide. However, this Guide is provided for reference only and is not a substitute for and does not replace the need for registered professional engineering design and experienced contractor installation. Actual site conditions may vary significantly from those presented in the estimating tables herein. County Materials Corporation strongly urges buyer(s) to exercise diligence and care in the selection, design, installation and use of any construction materials. Review Tech Data Sheets, Care and Maintenance, CMHA industry association best practice instructions before starting and/or Buyer approval of landscape projects. The final determination of the suitability of any information contained in this Installation Guide is the sole responsibility of material buyer(s). County Materials Corporation is not liable or responsible for loss or damage resulting from improper storage, handling, maintenance, or installation. Follow all applicable warnings, advisories, and instructions.

****Aspect Ratio Disclaimer****: County Materials Corporation unit “slab(s)” do not meet aspect ratio for vehicular application, as defined by CMHA standards. It is the responsibility and discretion of Buyer, Owner, Contractor, Architect, or Engineer to determine whether these unit “slab(s)” are suitable for the specific project. County Materials Corporation recommends consulting with a qualified professional to assess suitability for the project. County Materials Corporation accepts no responsibility or liability for the use of unit “slab(s)” in a vehicular application.

DISCLAIMER OF LIABILITY

COUNTY MATERIALS CORPORATION DISCLAIMS ANY AND ALL LIABILITY FOR DAMAGES OR LOSSES OF ANY KIND OR NATURE TO PERSON(S) OR PROPERTY, INCLUDING, BUT NOT LIMITED TO, DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, ATTORNEYS’ FEES OR COSTS, ARISING OUT OF OR RELATED TO THE USE OF THIS INSTALLATION GUIDE, INCLUDING, BUT NOT LIMITED TO ANY WORK THAT MAY BE PERFORMED BY ANY CONTRACTORS OR INSTALLERS.

WAIVER OF CLAIMS AND AGREEMENT TO HOLD HARMLESS BY USING THIS INSTALLATION GUIDE, YOU AGREE TO WAIVE ANY AND ALL CLAIMS AGAINST COUNTY MATERIALS CORPORATION, ITS OFFICERS, DIRECTORS, EMPLOYEES, VOLUNTEERS, REPRESENTATIVES, AND AFFILIATES, AND HOLD THEM HARMLESS FOR ANY DAMAGES OR LOSSES OF ANY KIND TO PERSON(S) OR PROPERTY, INCLUDING, BUT NOT LIMITED TO, DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO THE USE OF THIS INSTALLATION GUIDE, INCLUDING BUT NOT LIMITED TO THE SELECTION, DESIGN, INSTALLATION OR USE OF ANY MATERIALS, PRODUCTS, STRUCTURES, COMPONENTS OR ASSEMBLIES.

Buyer is responsible for proper use, handling, maintenance and installation of product as determined by the manufacturer and industry standards. Product has a fitness for a particular purpose. Use and/or application of product not intended by the manufacturer and not in compliance with industry standards is not recommended. Use and/or installation and application are the sole responsibility of the buyer.
